

CORPORATE PARTNER BROCHURE

VENTURE OUT WILDERNESS PROJECT CLG

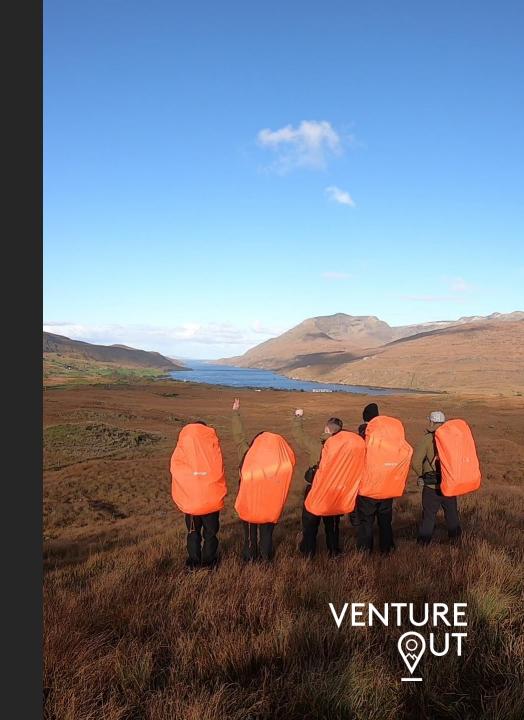

#### Help us Make a Difference

Venture Out Wilderness Project CLG are a Galway based registered charity, not for profit, social enterprise. We design & deliver a range of creative & innovative outdoor-based personal development programs & interventions for people living within disadvantaged and marginalized communities.

As a registered charity, Venture Out welcome all offers of help and support, however we also view ourselves as a viable enterprise with a valuable range of services to offer the market.

To fund our core services, we offer a range of bespoke, challenging experiences and adventures for corporate groups keen to brave the great outdoors for themselves. All revenue from such activities are then reinvested in our core programs. Which means not only do you and your team get to taste adventure, you also get to support others within your community while you explore.

#### How to Support Our Work

Send your Staff on a Team Building & Bonding Experience

Take your Team on our Famous 5-9 Micro-Adventure

Send Management on our Intensive Personal Development Program

Sponsor a Program or Local Group of Participants to Attend our Service

Share Your Company's Expertise and Skills

Encourage your Employees to get Involved Directly

Organise an In-House Fundraising Campaign

Make a donation Towards Equipment or Materials

# TEAM BUILDING & BONDING EXPERIENCES

Venture Out offer a range of bespoke, high-end, day-long, outdoor, nature-based experiences for all tastes, abilities, interests and needs.

Perhaps you want to engage your people in a range of experiential training challenging and team building activities, or maybe you simply want to use the opportunity to bring them together in the great outdoors to have an adventure while creating a closer bond.

Regardless of your motivation and objectives, our professional, qualified & experienced guides will ensure all participants benefit greatly from their experience.

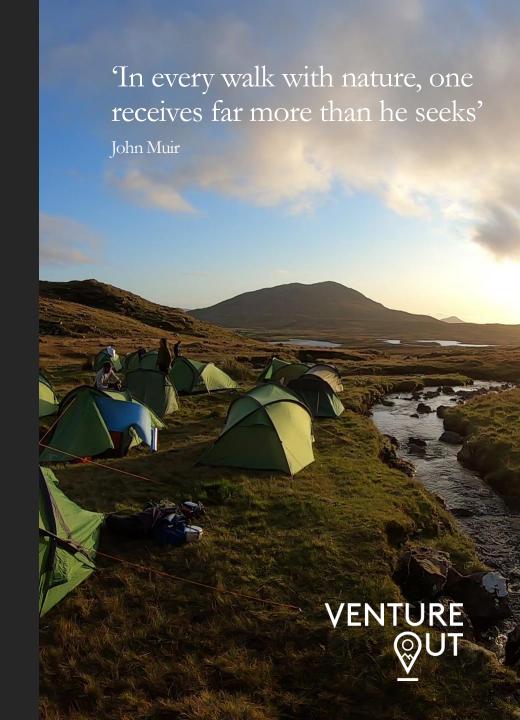

# THE 5 TO 9 MICRO-ADVENTURE

A Micro-adventure is an outdoor activity that is short, simple and local – yet still fun, exciting, challenging and rewarding.

The concept of living from 5 - 9 as opposed to 9 - 5 creates a 16 hour window from the time you leave work, to get out, have an adventure, sleep under the stars and make it back to work the following day.

Have your team collected from work at 5pm after a days work, and returned the following morning, refreshed and energized after a micro-adventure to remember. Our Micro-Adventure is a great way to bring a team closer together and to create a bond through shared experience, adventure and challenge.

## WILDERNESS BASED PERSONAL DEVELOPMENT

Akin to our Ember intervention, Venture Out offer corporate clients an opportunity to experience our intensive and impactful wilderness based personal development program for themselves.

Designed to support participants gain greater levels of self awareness, to build self confidence and to improve personal, social and emotional skills, this multi-day program is ideal for management at all levels of the organisation to help improve their goal setting, problem solving and decision-making skills. Organisations can send whole teams or single individuals on this program.
